About Me

I am a motivated designer and developer with experience in creating custom websites through HTML, CSS, JavaScript, PHP, Vue.js and MySQL. I have strong collaboration, analytical, and creative skills, with proven history of web application development.

Experience

2018 - 2021

Talk360 | Software Developer

Work with developers to design algorithm and flowcharts. Produce clean, efficient code based on specifications. Verify and deploy programs and systems. Troubleshoot, debug and upgrade existing software. Gather and evaluate user feedback. Create technical documentation for reference and reporting.

Education

2016 - 2019

Damelin College | Diploma in Information Technology

Acquired a broad knowledge of ICT principles and also was equipped with the skills needed in the ICT industry.

2019 - 2019

University of South Africa (UNISA) | Certificate: Developing Web Applications with PHP

Provide students with tools and techniques to develop more dynamic web based applications, centered around the manipulation of data stored in online databases.

2020 - 2020

LinkedIn Learning | Certificate: Become a Software Developer

Provides a broad perspective on core technologies for web development, software development, and databases.

2020 - 2020

Udemy Online | Certificate: The Complete Web Development Course

Build websites and webapps, and be proficient with database and server-side languages.

2020 - 2020

Google: Digital Skills for Africa | Certificate: Fundamentals of Digital Marketing

Mastering the basics of digital marketing packed full of practical exercises and real-world examples to help turn knowledge into action.

Projects

2020 - 2021

Talk360 | Talk360 Referral Portal

Program allows users to create promotional codes and then deploy them to their potential customers to start earning commissions on every top-up this customer makes.
